Dear Firefighter Freedman,

Congratulations. Your grant application for an FM Global fire prevention grant stood out among the hundreds we received and we will be funding \$1800 towards the purchase of cameras for fire scene documentation and investigation. We hope the additional funding will help to strengthen your efforts to ultimately, and more effectively prevent fire—the leading cause of property destruction worldwide.

In the coming weeks you will be contacted by an FM Global representative to set up a formal check presentation at your convenience. When arrangements have been made for the date and location of the presentation, please feel free to use the attached news release that we've prepared for you to promote news media interest—be it in advance of or after the event.

During the past 40 years, FM Global has awarded millions of dollars in funding to fire departments and related agencies worldwide. With a shared philosophy that the majority of property loss is preventable—not inevitable—we can make a difference in preventing the frequency and severity of fire...together.

Once again, congratulations on your recent fire prevention grant awarded by FM Global, one of the world's largest commercial property insurers.

If you have any questions regarding your award, please feel welcome to e-mail me.

Best wishes for continued success in your fire prevention endeavors.

# 2017 FIRE DISTRICT BUDGET MESSAGE & ANALYSIS Evesham Township Fire District No. 1

FISCAL YEAR: January 1, 2017 to December 31, 2017

Answer all questions below. Attach additional pages and schedules as needed.

- 1. Complete a brief statement on the 2017 proposed Annual Budget and make comparison to the 2016 adopted budget. Explain any variances over +/-10% for each line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. See attached sheet.
- 2. Complete a brief statement on the impact the proposed Annual Budget will have on the Amount to be Raised by Taxation to support the district budget and on the Restricted and Unrestricted Fund Balance(s). Explain increases or decreases in the tax rate and utilization of fund balances. If Unrestricted Fund Balance is reduced by more than 10%, explain the projected impact on the following year's budget. There is virtually no change in the Amount to be Raised by Taxation and the amount of Fund Balance used in the 2017 budget from 2016.
- 3. Include a statement explaining how the Fire District is complying with the Property Tax Levy Cap. The statement must explain reasons for exceeding the Levy Cap and identify the appropriations that caused the Fire District to exceed the Levy Cap, and how they are being addressed by a referendum. The proposed budget complies with the Property Tax Levy Cap in that the Amount to be Raised by Taxation will increase only by \$999.00 which is well below the 2% increase permitted by the law.
- 4. If the Fire District plans to pass a Resolution for the Release of Restricted Fund Balance, explain the reason and purposes of the appropriation. None
- 5. Complete a brief statement on the Annual Budget's proposed capital appropriations and payment methods, including debt service for the proposed budget year and for future years. **None**
- 6. If the proposed Annual Budget contains an amount for a Cash Deficit of the Preceding Year pursuant to N.J.S.A. 40A:14-78.6, then explain the reasons for the occurrence of the deficit. None
- 7. Does the Annual Budget appropriate such sums as it may deem necessary for the purchase of first aid, ambulance, rescue, or other emergency vehicles, equipment, supplies and materials for use by a duly incorporated association, pursuant to N.J.S.A. 40A:14-85.1? If so, provide the organization's incorporated name and amounts. None
- 8. Complete the following based on the municipal assessor's latest information pursuant to N.J.S.A. 54:4-35:

Total Assessed Valuation of District	\$5,248,805,431	
Proposed Tax Rate per \$100 of Assessed Valuation	\$0.137850856	

9. Is the Fire District providing for a first year funding appropriation to establish a length of service award program (LOSAP) in this year's budget subject to public referendum thereof?

		No	X	Yes	If yes, how much is appropriated?	\$	
--	--	----	---	-----	-----------------------------------	----	--

If the public question is defeated, is the Board of Commissioners aware that the budget must be amended to delete the LOSAP appropriation amount and that the Amount to be Raised by Taxation to Support the Budget must be reduced by a like amount?

1. Complete a brief statement on the 2017 proposed Annual Budget and make comparison to the 2016 adopted budget. Explain any variances over +/-10% for each line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item.

### **REVENUES**

There were no changes in Anticipated Revenues of +/- 10% from the previous year,

### **APPROPRIATIONS**

There is virtually no change in the amount of total appropriations or revenue from the 2016 budget to 2017. There have been some changes in several appropriation line items to reflect actual or anticipated changes in the cost of certain items as explained below:

Administration - Salary & Wages; Commissioners - 7,500, increased by 2,500

The Board of Fire Commissioners has not received an increase in the amount of their compensation for many years. This will provide each Commissioner a \$500.00 per year increase in the amount of compensation that they currently are receiving of \$1,000.

Administration – Salary and Wages; Assistant Business Manager – 75,000

The appropriation for this position has been moved from "Cost of Operations" to "Administration" as it is more appropriately categorized within that department. Further, the Current Assistant Business Manager will be retiring early in 2017 and the Business Manager is planning to retire early in 2018. The budget salary line item has therefore been increased to allow the Board of Fire Commissioners the option of filling the Assistant Business Manager's position with a more highly qualified individual who can be trained to replace the Business Manager upon his retirement.

Administration - Salary & Wages; Information Technology Coordinator - 85,000, increased by 35,000 or 70%

The appropriation for this position was increased as the District has been unable to recruit a candidate with the necessary qualifications at the prior year's budgeted amount.

Administration - Fringe Benefits; Social Security Tax - 27,862 from 17,956

This reflect the estimated FICA taxes with the inclusion of the Assistant Business Manager and the increase in the IT Coordinator's salary line item in Administration.

Administration - Fringe Benefits; Employee Retirement Systems; 30,162 from 23,833

Reflects the move of the PERS costs for the Assistant Business Manager from Operation to Administration.

Administration - Fringe Benefits; Workers Compensation Insurance 0.00 from 8,640

The full cost for Workers Compensation Insurance has been budgeted in Operations as the portion attributable to Administration is de minimis.

Administration - Fringe Benefits; Life Insurance; 289 from 250

Reflects the increase in the estimated life insurance premium for the Assistant Business Manager's position.

Administration – Other Expenses; Legal Services 10,000 from 8,000

Additional costs associated with the issuance of bonds and notes for the proposed capital improvement authorization.

Administration - Other Expenses; Audit Fees; 20,000 from 18,000

Reflects the cost for conducting the annual audit

Administration - Other Expenses; Other Professional Services 160,000 from 140,000

Reflects the increased cost of third party information technology support services resulting from the migration of computer operations based on the Fire District's aging servers to "cloud" based hosted services.

Administration - Other Expenses - Recruit Administration 15,000 from 13,500

Reflects the projected costs of pre-placement physicals and other associated costs for processing and approving new recruits in the Department based upon the estimated number of new recruits to be processed during the year.

Operations - Salary & Wages; decreased to 3,477,908 from 3,636,794

This reflects the retirement/loss of three officers from 2016 and the move of the Assistant Business Manager's title to administration.

Operations - Fringe Benefits decrease from 1,929,677 to 1,814,664

This decrease is primarily the result of employees paying a higher contribution towards the cost of health benefits as mandated under P.L. 2011, c. 78.

Operations - Other Expenses

Radio Maintenance

Reduced from 8,000 to 5,000

Adjusted to more closely reflect actual cost incurred during 2016

Equipment Maintenance

Increased from 35,000 to 45,000

Adjusted to more closely reflect projected cost of repairs and maintenance of small equipment. Many items of equipment are aging and require increasing service and repairs to keep in operation.

**Building Maintenance** 

Increased from 55,000 to 65,000

All of the Fire Stations are 20 years old or old and require increasing amounts of maintenance and repair. The motors and controllers for all of the overhead apparatus bay doors require replacing at a cost of \$3,000.00 each.

Vehicle Maintenance

Increased from 50,000 to 75,000

The six engines operated by the District are now over five years old and require increasing amounts of maintenance and repairs. In addition, all of the tires on the engines require replacing.

New Inspection Vehicles

Increased from 40,000 to 100,000

The two vehicles (2007 Ford Ranger) used by the Bureau of Fire Prevention for inspections will be ten (10) years old and are in need of replacement.

Appropriations Offset by Revenue

Salary & Wages

Decreased from 155,860 to 136,757

The cost for leave time buy-back was reallocated to Operations

Fringe Benefits

Increased from 58,140 to 77,424

A portion of health benefits costs and PFRS was reallocated.
